TO WHOMSOEVER IT MAY CONCERN

We purchased Energy Saving Fans of COOLFLO make with Hollow FRP Blades in the year 2002 to replace Aluminum blade Fans of Liang Chi make sizes of 1800 mm to 3400 mm diameter. A total of 46 nos. of COOLFLO make fans operating successfully without any failure for the last more than 15 years.

In 2008, based on consistent good performance and energy savings achieved by COOLFLO Fans, we placed another purchase order for replacing 20 sets of Aluminum fans of Liang Chi make. These fans are also operating successfully over the last 10 years.

We are pleased to confirm that all the 66 sets of COOLFLO fans installed as per above have met the minimum 25% guaranteed energy savings during all the years of operation.

We have also replaced Luwa Make Aluminum Return Air Fan on a trial basis during 2017 with COOLFLO make Hollow FRP Energy Efficient blade design fans and are pleased to confirm the energy savings of minimum 15% achieved with COOLFLO fans.
